

A Virtual Affair

Do you know what hope smells like? Its a combination of the sea, of exposed seaweed and salty air. Of wet sand on a winters day. Jayne was mid forties when she experienced the worst and the best times of her life. She fell in love, so desperately in love. She lost everything overnight. But no matter how bad life gets, how far down that dark tunnel you are, there is always a glimmer of hope. From her dream house in Kent, via the nuthouse, and eventually to a cottage in Cornwall, Jayne takes a journey that is to wound, to destroy, and eventually heal her. This is a story of one womans quest to find herself, and learn to love herself again. Contemporary Romance for readers over the age of 18.
