

More than Vanilla

More than Vanilla by Elizabeth Coldwell
When a chocolate shop gets an adult makeover with the help of a Belgian master chocolatier, a kinky couple find their relationship becomes sweeter than ever
Oliver Honeyman owns a chocolate shop in York, a business that has been in his family for over two hundred years, and that he runs with his girlfriend and long-time submissive, Nina Lee. But times are tough, sales are down, and Oliver and Nina know they have to do something to bring Honeymans into the twenty-first century and attract new customers. The solution they devise is to introduce a new range of chocolates into the shop, with more unusual and exotic flavours chosen with the help of a very kinky taste test. To help create the new line, Oliver recruits master Belgian chocolatier Daniel Martens. Not only is Daniel incredibly talented, but he is also just as dominant as Oliver, and Nina is soon learning that the taste of submission is even sweeter when it's offered to her by two men. But will the move of renaming the shop More Than Vanilla and pitching their products at more adult tastes bring them the change in fortunes they need? Elizabeth Coldwell
