Is it better to marry than to burn? Edinburgh-based journalist Serena MacKenzies dysfunctional West Highland family seems to prove the opposite. Its 1997, and Serena feels shes reached a crossroads in her life. Shes 30, shes newly divorced - yet she still hankers after the perfect, fairy-tale marriage. Life with Max, the Russian she meets and marries over the space of a few heady summer days in St Petersburg, is anything but perfect. And where is Max? Shes beginning to wonder if she dreamed him. Fergus Learmonth - the ex-husband she divorced after less than a year of marriage - is still very much alive, and keen to get her back. Perhaps shes still under his spell too? Her aunt, the sole surviving member of Balvaigs MacKenzie family, assures her that what she needs is time alone to take stock of her life. Yet within less than three months from the night she saw Max for the last time, shes involved in another affair. But Max is the one whos still in her head.....Max and St Petersburg, where the story both begins and ends. White Cranes Dancing is the first book in the Balvaig trilogy.
